

TUTU DU MONDE

MEET YOU BY THE FAIRY TREE

Fairy dust and secret games. Princess dresses and sparkle dreams.

A tutu for dress-up. A tutu for magic worlds of make-believe.

TUTU DU MONDE is a range of tutus that are both wearable and practical, insouciant and dreamy.

My tutus have a hand-made, hand-dyed, one-off, old-world feel without the frail nature of a vintage garment. Colours are dusty pastels, details of sequins, beads and feathers, applied by hand to cotton and tulle. My tutus are produced in small runs, in line with their own organic look. They are made to last, and in fact, get better with wear. Slight fading and fraying edges adds to their charm over time.

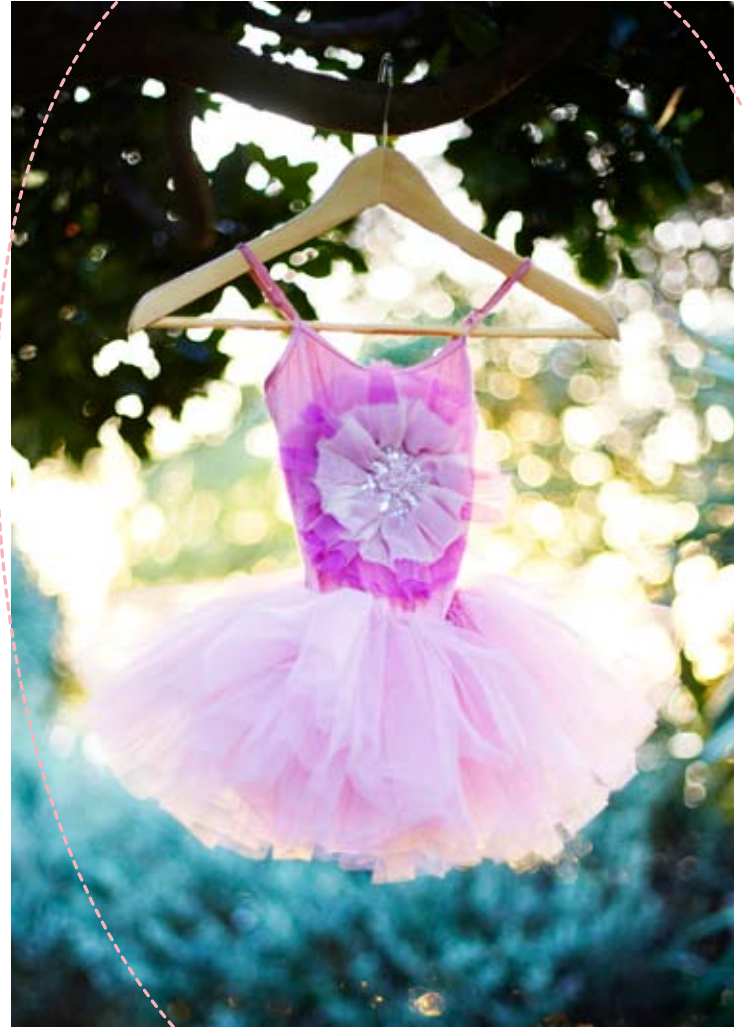

At last there is a line of tutus that call to mind a kinder world, a gentle place where little children can imagine being a dainty ballerina, a helpful fairy and a benevolent princess.

Dreams of other worlds.
